## Tutorial and mentoring system

Vimala College has a rich history of a well-established and effective teacher student relationship through tutorial and mentoring system. Students are placed under the care of a tutor/mentor who is responsible for their academic and personal well-being. The third hour of every Friday is assigned as the tutorial hour. Mentoring is provided by all faculty members in the light of their personal and professional experience and expertise. This information is disseminated to students as well as tutors through HoDs.

As per the suggestion from the governing council the IQAC of Vimala College framed a mentoring policy for the effective functioning of the mentoring system from 2020-2021 onwards. The students were allotted to each mentor for ensuring the quality education in a caring environment.
