Dear Sir/Madam

The Fostering Linkages in Academic Innovation and Research (FLAIR) Programme congratulates you on your selection for the FLAIR International Internship 2016-17.

This is a first communication intended to connect with you all. Let me brief you about the preparations for the FLAIR International Internship in the United Kingdom.

1. Internships would tentatively start in the second week of June 2017 in the identified UK Universities.

2. At present the British Council India is involved in a mapping exercise to identify the suitable institutions based on individual profiles and internship interests.

3. We would request you to be well versed with the UK VISA application procedures especially the document requirements by visiting the website - <http://www.vfsglobal.co.uk/india/> and by discussing with international interns of previous years.

4. You have to keep all documents required for VISA application to be submitted on a short notice. Please note that the invitation and support letters will be issued by the FLAIR and the British Council. A Sample of VISA Application Form is attached with this mail for your reference.

Those with UK/US/Europe travel experience may please inform us. We need your assistance for facilitating the VISA Application processes.

Please feel free to get in touch for any further doubts/clarifications.

Thank you

Regards

Jaikiran
