

**S183**

**Report**  
**Academic Year 2020 – 2021**

**Name of the Event: National Workshop on “X-ray Diffraction: Good Analytical Practices”**

**Date: 4 August 2020**

**Venue: Online (Google Meet), [meet.google.com/dmo-xume-zjc](https://meet.google.com/dmo-xume-zjc)**

**Organized by: Post Graduate and Research Department of Physics, Vimala College (Autonomous) Thrissur**

**Participants: 198**

**Report:**

The webinar was hosted on the Google Meet platform. Due to technical glitches, the webinar started half an hour behind the schedule. The coordinator Dr. Mini Krishna K welcomed the resource person and the participants to the webinar. The speaker started the session by explaining the various criteria for good quality diffraction data. He then discussed in detail the factors affecting the accuracy and precision of results, which includes the contributions from the sample, instrument, sample preparation errors and data analysis errors. The effect of particle size on the diffraction data was discussed and the methods to minimize the errors from sample preparation were suggested. Various diffractometer geometries were introduced and the importance of suitable optics on the characterization process was explained. Data analysis was discussed on the basis of comparison with the standard databases and profile fitting methods. Towards the end the speaker familiarized the participants to the vital parts of a latest good quality spectrometer in their laboratory. The session ended at 1:10 pm and was followed by a discussion and interaction for nearly 20 minutes. The resource person answered the queries raised by the participants. The Head of the Department, Dr Malini K A winded up the session by proposing vote of thanks to the resource person and the participants. A feedback form was circulated at the end to the participants for them to fill in their opinion about the session and to attain their E-certificate.

## Webinar Brochure

**National Webinar on**  
**'X - Ray Diffraction:**  
**Good Analytical Practices'**

**August 4<sup>th</sup> 2020,**  
**10.30am**

**Organized by**  
**Post Graduate and Research Department of Physics**  
**Vimala College (Autonomous), Thrissur**

**Funded by**  
**DBT-Star College Scheme**  
**Department of Biotechnology**  
**Ministry of Science & Technology,**  
**Government of India**

**Resource Person**  
**Dr Shibu M Eappen**  
**Scientist E**  
**Sophisticated Test and Instrumentation Center,**  
**CUSAT**

### About DBT

The remarkable march of India into the world of biosciences and technological advances began in 1986. That year, the then Prime Minister of the country, late Rajiv Gandhi accepted the vision that unless India created a separate Department for Biotechnology, within the Ministry of Science and Technology, Government of India, the country would not progress to the desired extent. The Department shall provide services in the areas of research, infrastructure, generation of human resource, popularization of biotechnology, promotion of industries, creation of centers of excellence, implementation of biosafety guidelines for genetically modified organisms and recombinant DNA products and biotechnological based programs for societal benefits. Bioinformatics is a major mission to establish an information network for the scientific community, nationally and internationally.

### About Star College Scheme

Star College Scheme has been initiated by DBT in 2008 to support colleges and universities offering undergraduate education to improve science teaching across the country. DBT is committed to the values of i) Pursuit of excellence ii) Academic and intellectual freedom iii) Creativity and innovation iv) Diversity v) Cooperation and Communication and vi) accountability. DBT has therefore, launched a scheme for improving critical thinking and 'hands on' experimental work at undergraduate (college) level in sciences. It is expected to encourage more students to take up higher education in science. DBT will identify colleges with ambition and potential for excellence and provide academic and physical infrastructure for achieving excellence in teaching and unique exposure of students to experimental science.

### About Department of Physics

Post Graduate and Research Department of Physics was established in 1967. The Department of Physics, over the 50 years evolved into the first Post-Graduate Science department (1998) and the First Science Research Centre (2013) of Vimala College. The Department caters to the academic needs of hundreds of physics aspiring young minds. Right from its inception under the able leadership of Rev Sr. Aurea C M C, the Department steadily progressed to meet the curricular, co-curricular and extra-curricular demands of its students. Being a department supplemented by essential research expertise (Three research guides), we take initiatives for research activities with all the available facilities. Equipped with a DST-FIST lab, the department is able to carry out research oriented UG and PG projects, inter-departmental, inter-collegiate and university research collaborations.

### Organizing committee

**Coordinator: Dr Malini KA**

**Members: Dr Mini Krishna K, Dr Veena Gopalan E, Dr Dhanya Johnson, Ms Jovia Jose, Ms Laveena Varghese, Mr Santosh P Jose, Dr Aneesh George, Dr Regina Jose**

## Photos

The screenshot shows a Google Meet interface during a webinar. The main window displays a presentation slide titled "X-Ray Diffraction: Good Analytical Practices" with a graph showing intensity versus 2θ. The presenter's name, "shibu eappen", is visible in the top left. The right sidebar shows meeting details, including the meeting ID, a list of participants (e.g., NIKHIL NATH, Jule Ann Joseph, Srikanth Ragunath), and a chat window with messages. The bottom of the screen shows the Windows taskbar with the time 12:25 PM on 8/4/2020.
