Report

Intellectual Property Rights have played a crucial role in assuring the legal protection of our creativity as well as taking it to the next level of global exposure via collaborations with industrial, academic or publishing firms. While promoting the dissemination of knowledge without the fear of losing our claim on it, it also ensures economic incentives to the creators of innovative ideas. While terms like patents and copyrights are becoming more significant in all realms of human creativity and productivity, an awareness of Intellectual Property Rights is essential to people in the field of research and innovation in the academic circles. Aimed at providing a comprehensive knowledge of the latest developments in the various aspects of Intellectual Property Rights, the IPR Cell of Vimala College is organizing a half-day seminar incorporating the knowledge and expertise of veteran resource persons.

Institution's Innovation Council has organised a seminar of IPR on 30th August 2021. Dr. Vinu. J. George, Asst. Prof. Political Science, Kuriokose Elias college, Mannanam, Kottayam, Kerala was the resource person. Basic concept of intellectual property rights was presented in the seminar. He emphasised that, IPR is an important concern in the contemporary world and mentioned the role of World Intellectual Property Organisation (WIPO). Two important aspects of IPR, Industrial property and Copy right were the focus theme of the talk. Other related aspects like, Patent, it's importance, rights
