The PG Department of English and Research Center organized a workshop on Literary Research and Methodology on 28th November 2017. Dr. C. G. Shyamala, Assistant Professor of the Department of English, Mercy College Palakkad was the resource person. The lecture covered all major aspects of literary research and included some practical sessions. The talk has begun with explaining the term research, the process, the different stages of a research and its documentation. Being an academic document, a thesis has to be presented in a standard format which has been provided by the MLA handbook. Hence the talk gave insight into the subtle aspects and rules of research methodology prescribed by the 8th edition of MLA handbook. The practical sessions were focused mainly on the thesis statement formation, quotations and work citation. The half day workshop was highly informative and constructive in its essence. Both UG and PG students attended the session.
