Collaborations (if any)	Grama Panchayath, Madakkathara, Thrissur
No. of Students Participated	556

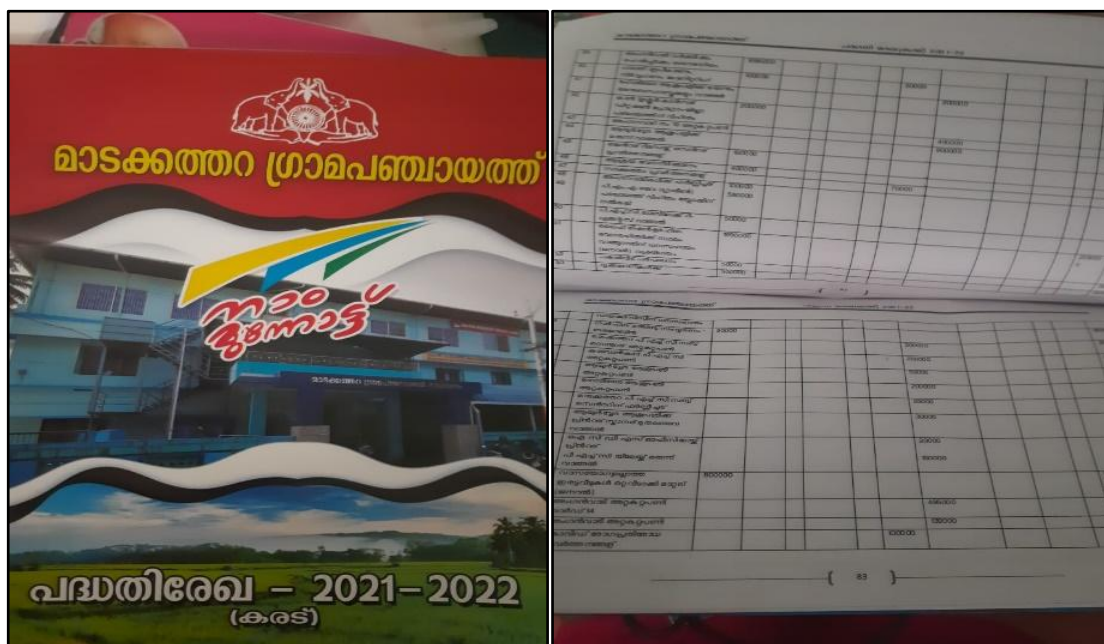

Need Re- Assessment of UBA Villages:

After the new office bearers were elected, the UBA teachers-in-charge went for a personal visit to all the 5 villages on 15th September 2021 to meet the newly elected officials and to re-assess the requirements of their villages. We had fruitful discussions among all the officials including the President of Panchayath. At the outset, they require student's services for conducting enquiry surveys regarding effects of Covid-19 and position of Covid Vaccination. But immediate personal contact with the students were not possible at the moment, we offered telephonic and online services.

At Madakkathara Panchayath, met the Panchayath President and presented the UBA activities, they required a help on Counselling Services to avoid Post-Covid Syndrome, RTPCR test requirements among people, position of vaccination – 1st or 2nd dose, to identify the needy people for Vathilppadi Sevanam, to help them to make "Ayalpakka Samithi" for conducting surveillance on Covid affected and Post covid affected people and to monitor their physical movements. Phone numbers of all officials concerned were collected. The officials handed over "Pathadhi Rekha" (Plan of Action Record) register of their Panchayath to us.

Report Generation on Need Re assessment and “VathilPadiSevanam”

Based on the Need Re Assessment of UBA villages, the UBA wing of Vimala College (Autonomous) have started the Survey of MadakkatharaGramapanchayath on October 1, 2021. The information required were listed into two categories by Panchayath authorities and the teachers team made a questionnaire based on the same. Questions were designed to get data relating to :

- (1) Basic demography of the respondent
- (2) Covid -19 and related aspects
- (3) Data required for “VathilPadiSevanam”

As there are Covid restrictions, direct survey with personal enquiry was not possible. The survey conducted by the students of Vimala college with the help of telephonic calls and the data were entered in google form. A total of 10,807 households of 16 wards were covered under this survey. For this survey, a total of 556 students from Departments as Computer Science, Commerce, Chemistry, Physics, Malayalam, Psychology, Sociology, Economics and B Voc (Web Technology) were participated. A report has been prepared based on the data collected and

Assessment Period (2016 - 2021)
