Summer is a season of dryness and all organisms need water to hydrate. This program was initiated for birds

**VIMALA COLLEGE AUTONOMOUS THRISSUR**
NSS UNITS 43 AND 120

Friends,
Its summer and the temperature has risen to the extreme. We may not be aware of its intensity since we are all under our roofs. But there are creatures that keep wandering for shelter and food. Let's save them.

***Birds need you
this summer!***

Keep a pot of water in our balconies or courtyards so that the birds could quench their thirst. This is the least we can do!

- Also do take a picture of your activity and upload it in the NSS workplace at Google Classroom
