Based on the responses of the Survey on Awareness of ICT tools conducted by Department of Computer Science, it was able to identify some tools which will be useful for online teaching for school teachers. Department created a Google Classroom “Tequip 2020” - A Dashboard to technically equip school teachers with user-friendly tools for digital teaching" to share the video tutorials. It was free of cost and participants were able to watch at their own convenience and pace. They had a forum to clarify their doubts and post further requirements. The classroom was updated with new contents and also with topics depending on their requirements.
