Name of Activity	Activities under Plastic Free Campaign
Date	24/01/2020, 30/01/2020, 10/02/2020, 18/02/20, 22/02/2020
Organized by	Centre for Women Studies, Department of Commerce, Department of Botany and UBA, Vimala College, Thrissur
Collaborations (if any)	Ministry of Broadcasting, Government of India
No.of Students Participated	16+ 23+30 + 40= 109

➤ Cloth Bag Tailoring Training Session for Students to make Plastic Free Campus

A work shop was arranged by UBA team for the student volunteers on cloth bag making at home science lab on 24.01.2020. Trainer Ms. Sujatha was invited to train student volunteers (16 students). Training is given by Sujatha Madam to the students who were interested in tailoring. The purpose of the workshop is to encourage students to avoid plastic bags and use cloth bag and to make them self sufficient.

➤ Training on Jute Bag Making to Students to Distribute in UBA Adopted Villages

In line with the Plastic Free Campaign, 23 student volunteers were given training on Jute bag making on 30.01.2020 at Home Science Lab. Trainer Ms. Sujatha was called to train them to make participants self reliant on making jute bags to be distributed to UBA villages.

➤ Cloth Bag Making

Training on cloth bag making (set 2) has given to interested students for making cloth bags for distribution in adopted villages on 10.02.2020. Around 160 bags have been made by our students to distribute among merchants and traders in these villages. 30 students have participated.

➤ Paper pen making

The students of various classes were given training by the students themselves to make paper pens on 18.02.2020.

❖ SURVEY REPORT

The First year UG Botany students conducted a survey on Plastic Waste Management as part of the UBA Programme on 22.02.2020. Survey was conducted at Vilvattom, Mulamkunnathukavu and Madakkathara Panchayath during the first week of February. They visited 30 houses from each Panchayath as part of Survey. A leaflet was distributed so as to spread the awareness about the harmful effects of plastic.

In all the three Panchayath people are using plastic products in their households. They use it due to the easy availability of plastics goods. Majority of the people wanted to reduce the use of plastics as the disposal of waste plastic is a major problem. Even though the people are aware of the danger of burning plastic, they are forced to dispose plastic waste by burning. They are of the opinion that Government and Panchayath authorities need to take responsibility for the disposal of plastics. People are aware about the rules and regulations that came into effect and the recent ban on the single use plastics, plastic covers etc. The people are getting proper awareness about the disposal of plastic wastes through social media. But they lack facilities to dispose plastic waste and organic waste separately. By summarizing all these points, we came to a conclusion that majority people are ignorant about the various facilities that the government had introduced. Government cannot impose full ban on the plastic products immediately. But we can effectively implement the five “R” s that are Reuse, Reduce, Refuse, Recycle and Repurpose.
