

Post Graduate Department of Economics
Alumnae Association Activity Report 2015-16

The Alumnae Association maintains the bond between the college and the student fraternity by providing a platform for gatherings and organization of programmes. Ms. Lucy M A , an Illustrious alumnae and Retired Faculty of the Dept. contributed many reference text books to the department. Dept. of Economics has conducted a reunion of Alumnae in which different batchs participated and some alumnae members participated in the General body meeting of alumnae. The participation of the alumnae in academics and all kind of activities is really an inspiration for the students at present doing their courses in the Dept. of Economics. The cooperation from the part of the alumnae group is very essential as far as the development of the institution as well as the departments is concerned.
