# VIMALA COLLEGE (AUTONOMOUS) THRISSUR

5 Day Capacity Building Online Workshop

TECHNOLOGY ASSISTED TEACHING LEARNING

18.05.2020 - 22.05.2020

Why participate in this Workshop?

21st century classrooms have extended beyond the conventional notions of time and space, and have spread to virtual realities. Educators all over the world are constantly evolving to keep pace with the quickly transforming needs of the student fraternity. In consideration of this scenario, the IQAC of Vimala College (Autonomous), Thrissur is organising a 5 Day Online Workshop that seeks to develop the capacity of the college teaching faculty in utilising the potential of digital tools in the everyday processes of knowledge dispersal.

Objectives of the Workshop:

Enhance the teaching-learning experience of the College
Empower teachers to design and launch online courses
Introduce various tools facilitating technology assisted teaching learning

What is the content of the Workshop?

The workshop material is simple, practical, easy to comprehend, and is divided into 5 modules. Each module includes short video lectures facilitating hands on training. Major online teaching-learning tools and applications, available online for free, will be introduced during the course of this workshop. The details of workshop content are as follows:

Module 1: Introduction to Google Classroom and Google Docs

Module 2: Introduction to OBS Software and Open Shot Video Editor

Module 3: Online Teaching & Learning tool: Mind Mapping

Module 4: Online Teaching & Learning tool: Live Graphs and Diagrams

Module 5: Online Teaching & Learning tool: Renderforest

Resource Person:
Smitha P. S.
Assistant Professor
Department of Botany

Coordinators:
Dr. Minimol K. 9495875418
Maya Davi Chalissery 8547251038
