

## Vimala College (Autonomous), Thrissur

Vimala College is reaching out to the student community to enquire into their general wellbeing during the lockdown period. This initiative has been envisioned to strengthen the mentor- mentee relations and bring the College closer to the student fraternity, thereby aiding better dispersal of student-oriented educative, administrative and supportive interventions.

The post Covid-19 lockdown period would require much deliberations and concerted efforts towards the structuring, design and delivery of education and College activities, especially in the area of technology-assisted teaching learning.

# Reaching Out

An IQAC Initiative

### Objectives of the Initiative:

1. Aid better relations and support the mentoring system being followed in College.
2. To help the College remain updated about the welfare of students.
3. To compile complete and exhaustive data regarding students' access to technology and digital resources.
4. To structure a technology aided system of education delivery, in the best possible way.
5. To update our LMS, Linways, according to the changing needs in the Post Lockdown period.
6. To guide faculty in designing online courses in future.
7. To help plan rehabilitation measures for students affected by the Covid-19 virus and the subsequent lockdown.

### **The Exercise:**

Tutors are requested to personally contact each student in their class and enquire into matters, contained in the Google Form attached. Personal conversation between the tutors and students is mandatory. The information thus collected is to be filled in a google form

<https://forms.gle/Egs9ZQdku8STCJVK9>

*Assure our students that we are committed to supporting them during this unsettling time...  
The IQAC thanks all Departments, Heads of Departments and Tutors for their co-operation and efforts towards making this Initiative a success.*
