ABOUT THE COLLEGE

Vimala College (Autonomous), Thrissur, is a first-grade women's college in Kerala established in 1967 and is run by CMC management. Previous NAAC accreditations of the College have fetched it the highest grades and currently holds A+ (Fourth Cycle) with a CGPA of 3.45, ranked 78 in NIRF 2025 rankings and 6 in KIRF 2024 rankings. The college was bestowed with Autonomous status in 2015 and has been awarded College with Potential For Excellence CPE status during 2016 to 2021, Mentor College UGC Paramarsh Scheme during 2018 to 2021, Institutions' Innovation Council 3.5 Star in 2024. College has received funding under the following schemes - RUSA, DST-FIST, DBT STAR College Scheme and DST CURIE Grant.

VISMAYAM 2025

Vismayam is a remarkable exhibition hosted by Vimala College, designed to showcase the finest achievements in science, technology, and the arts. This event provides an extraordinary platform for students to immerse themselves in the wonders of various disciplines; whether it's the intricate workings of a chemical reaction, the laws that define the universe, the fascinating behaviors of animals, the theory of greenery, the mathematical principles that govern our world, the amazing power of AI, the art of homemaking, or the science of society, Vismayam at Vimala College offers a captivating journey through the wonders of science, technology and the arts.

Join us at Vimala College for this extraordinary event and participate in a journey celebrating the best of human intellect and creativity.

HORTICULTURE

This section focuses on the art and science of growing plants, including fruits, vegetables, flowers, and ornamentals, emphasizing their role in beautification and sustainable living.

ETHNOBOTANY

This section showcases the traditional uses of plants in medicine, food, and daily life, highlighting the deep connection between people and plants.

STILL MODELS

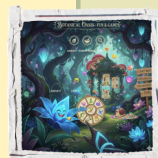

This section displays creative models of Polyhouse, DNA, Angiosperm structure, etc..offering a clear visual understanding of important biological concepts and processes in botany.

AESTHETIC BOTANY

A creative display of terrariums, kokedama, and bonsai, showcasing the artistic and decorative beauty of plants.

GAME ZONE

fun area where visitors can enjoy plant-themed puzzles and games, testing their knowledge while learning interesting botanical facts in an entertaining way.
