Academic Year 2024-2025

Name of the Event : Go-Green-creative ‘New’ from waste materials

Date : 10.09.2024

Venue :Room No 823

Organized by:PG and Research Department of Economics

Collaboration:Nil

No. of participants: 4 student groups

Report of the Seminar ‘Go Green’

Go-Green was held on 10th September 2024 by the PG and Research Department of Economics at 2:00p.m at room no:823. Recycling provides many benefits to our environment. By recycling our materials, we conserve natural resources: Recycling reduces the need to extract resources such as timber, water, and minerals for new products. It takes a great deal of creativity and a degree of technique to work with these materials. Students develop the ability to think creatively and find innovative solutions as they turn everyday items into unique creations. This nurtures a mindset of adaptability, preparing them for future challenges with confidence.

The competition aimed to bring about young talented minds who could do something productive from waste materials. This student-led programme had 4 participant groups from various departments of our college like Computer science, Sociology departments. The competition came to a close by 3:30 p.m. Department of Computer science bagged the first prize.

Report of Inter departmental debate competition

PG and Research Department of Economics organized a Inter department debate competition in connection with world population day on 11.07.2024 from 10 AM onwards . The topic of the Debate was “ Government educational initiatives focused on women empowerment are more effective in achieving population stabilisation than government mandated family planning programmes”.The session provided information about world population day and enlarged knowledge of the beneficiaries. Twelve students participated in the competition. The active participation of two opposing group made the session more lively and energetic.

The presence of moderator Dr. Shalini K from the department of commerce made the session more effective The judge Mr . Sreekumar.V from the department of History did his judgment accurately and announced the best debator from the participants. Karthika Dileep of S3 MA Economics won the Best Debator Title.
