

Observance of Vigilance week by the Department of Sociology

(Date: 30/10/2019, Time: 1.30pm, Venue: 3rd year classroom)

As part of Vigilance Awareness week Central Vigilance Commission has planned an electronic or e-integrity pledge for citizens and organisations for upholding the highest standards of ethical conduct and honesty. The theme for this year's vigilance awareness week is ***“Integrity as a way of life”***. We, the faculty members and the third Sem UG and PG students of Sociology Department in Vimala College have taken the Integrity pledge which make them aware about to be a vigilant citizen in public participation by promoting integrity and eradicating corruption. We have taken the pledge on 30th October 2019 at 1.30 pm under the guidance of our HoD Dr. Shinju V. At the outset, Dr. Shinju had given us a brief introduction of the importance of observing the vigilance week and the ethical practices to be followed in fighting against corruption in society.

Detailing the importance of vigilance week and anti - corruption

Since Corruption has become one of the major obstacles to economic, political and social progress of our country, we all have to work together in order to eradicate corruption. It is the responsibility of each and every one of us to show ourselves as examples to ensure that we are not part of any corrupt practices. It also clearly explains the significance of an organization, to be

in the forefront for eradicating corruption and in maintaining high standards of integrity, transparency and good governance in all aspects of our operations. We all had taken the Integrity pledge narrating the significance of ethical conduct and the necessity of being vigilant in a situation where the fellow members are exploited by corrupt practices from the governmental, bureaucratic, legal and micro institutional levels on a daily basis.

Integrity Pledge
