

## Projects

Sl.No	Year	Topic
1	2020-21	A Study on Butterfly diversity in central District of Kerala
2	2020-21	Distribution and diversity of Lepidoptera and Odonates in different geographical divisions of Kerala and Tamilnadu
3	2020-21	Association between BMI, Age and lifestyle diseases
4	2021-22	Evaluation of microbial mediated degradation of RevalciterantAzodye Methyl orange
5	2021-22	Analysis of the involvement of bacterial endosymbionts complimenting the carbohydrate metabolism of <i>Rastrelligerkannagurta</i>
6	2021-22	Screening of bacterial adhesion inhibition property of Rhinoceros larval extract
7	2022-23	UV Protection Activity of Carotenoid Pigment by <i>Lentibacillus juripiscarius</i>
8	2022-23	Eco Friendly Biosynthesis of iron nanoparticles and screening for Mosquito larvicidal activity
9	2022-23	Molecular based analysis of bacteria biodiversity of amyolytic bacterial isolates from the gut of <i>Hermetia illucens</i>
