### **REPORT**

### **Academic Year 2019-2020**

**Name of the Unit: Workshop on Decoupage**

**Date: August 22<sup>nd</sup> 2019**

**Venue: Vimala College**

**Organized by: Dept. of Home Science, Vimala College**

**Participants: Students**

**No: of teachers : 1**

#### **Objective**

- To impart entrepreneurial skill
- To upcycle old products

#### **REPORT OF THE ACTIVITY**

A workshop on decoupage was conducted for the students of Home Science during the Association hour. Ms. Angel Mariya Wilson was the resource person. She explained and demonstrated the various steps in doing decoupage. The items used for decoupage were old utensils – frying pan, melamine plate , milk can from the Food lab which were kept to be given away. Students were enlightened with the new skill and promised to try them out at home.

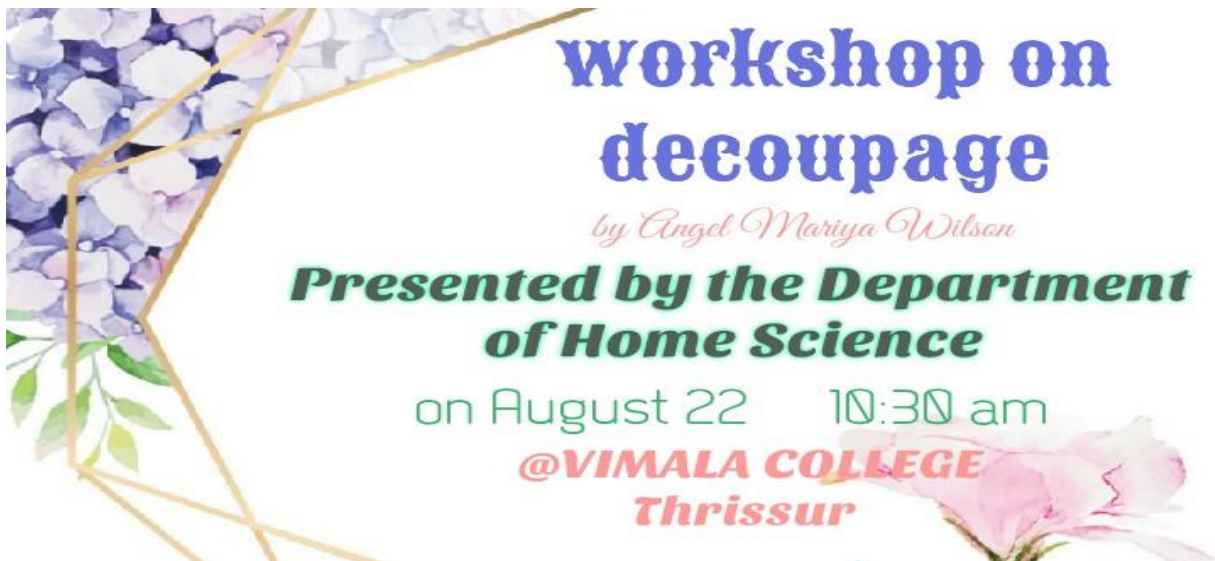

#### **Outcome**

- Development of entrepreneurial skills

- Waste management
